MEHAK DAYALAL

Frontend Developer

Karachi, Pakistan | mehakdayalal@gmail.com | +92-3339282097 | GitHub: github.com/mehakdanicha

PROFESSIONAL SUMMARY

Frontend Developer with a strong foundation in building responsive and user-friendly web applications. Skilled in modern frontend technologies and focused on clean code, performance, and maintainable UI development. Motivated to learn quickly, adapt to new tools, and contribute effectively to real-world projects.

TECHNICAL SKILLS

Frontend: React, Redux, HTML, CSS3, JavaScript, Bootstrap, Tailwind CSS
UI/UX & Design: Figma, Canva, Adobe Illustrator
Database: Firebase, MySQL
Tools: Git, GitHub

PROJECTS

Employee Dashboard Using React

Developed a user-friendly employee management dashboard with a clean and intuitive UI, implementing full CRUD operations.
Technologies used: React.js, Firebase, Tailwind CSS.

Portfolio Website

Built a responsive personal portfolio website with a modern UI to showcase skills, projects, and achievements, featuring well-structured sections, smooth scrolling, hover animations, and mobile-friendly navigation using Reactjs.

Currency Converter

Built a responsive Currency Converter web application using HTML, CSS, and JavaScript. Integrated a Fetch API to get real-time currency exchange rates and implemented functionality to convert amounts between different currencies dynamically.

WORK EXPERIENCE

Website Manager & Graphic Designer- Beacon Light Academy – (2024 – Present)
Worked as a Graphic Designer, creating content, flyers, and banners using Canva and Adobe Illustrator.
